TO: Dwight D. Eisenhower, President of the United States

SUBJECT: "The Pope's Commandos"

Under the above title the Saturday Evening Post of January 17, 1959 presents such a shocking exposure of the dangers we face from the Jesuits (Society of Jesus) as to fill the heart of every loyal citizen with dread. This article provides conclusive documentation of the dire threat of this Roman Catholic order and of the forces of the Vatican affiliated with this order, which I have attempted to drive into the consciousness of yourself, officials of government, and the sleep-walking people of the United States for the past five years, risking my very life from day to day to do so. At last you must listen, for the truth is now spread before you from impartial sources. Permit me to re-analyze for your comprehension the salient facts presented in this article:

I. PURPOSES: The fundamental purposes of the people of the United States are to promote the principles of liberty stated in our Declaration of Independence and in the Preamble and Bill of Rights of our Constitution.

The fundamental purposes of the Jesuits - an International Dictatorship - are diametrically opposed to our Charters of Liberty, and are publicly and arrogantly promoted on our own soil by this anti-American organization. I refer you to the "Syllabus of Errors" of Pope Pius IX, in which our freedoms are categorically condemned, point by point, thus establishing the forces of Jesuitism - Vaticanism as enemies of our state.

The Constitution of the United States provides for democratic government of, by and for the people. The Constitution of the Jesuits (and imposed upon all Roman Catholics by command of the Pope), provides for a military dictatorship under the command of a "commanding general", the "Black Pope" of Roman Catholicism, to whom even the "White Pope" must yield authority, and backed by the claimed 30 million Roman Catholics in the United States.

Further, the purpose of the free citizens of the United States is "to promote the general welfare", without regard to race, religion or color. The purpose of the "Pope's Commandos" is to promote the secular and religious philosophies of the Vatican, which are hostile to the peoples of the world, as an international, political state. This is clearly and publicly stated in the battle-cry of the Jesuit-Vatican forces: "Make America Catholic". If successful in its campaign this combination will destroy political and religious liberty in the United States.

II. LOYALTIES: The loyalties of our free citizens are to our Constitution and our free institutions, with freedom of spirit, mind and body. The loyalties of the "Pope Commandos" and of conforming Roman Catholics, is to an International military dictator "to the death", with complete submission of soul, mind and body, under the fiction of loyalty to the Pope as a religious leader, since the Pope openly enforces the secular commands of the military dictatorship.

III. JESUIT MILITARY ORGANIZATION: ("Shock Troops" of the Vatican.)

A Commanding General.

A "general staff" which includes U.S. citizens.

10 Jesuitical geographical "provinces"- territorial commands similar to our Army areas, each with its own commander.

350 recruits per year from U.S. citizens for the "commandos", one of these recent ones being the son of John Foster Dulles, Secretary of State of the United States, who promotes the foreign policy of the Jesuits as the foreign policy of the United States.

6000 "commandos" operating throughout the world, with concentration on the U.S. as the major prize of war.

Unnumbered thousands of "shock troops" not part of the Jesuits but allied with them, composed of Knights of Columbus, Paulist Fathers, etc., already possessing arms to be used against our citizens.

40 million male "troops of the line" operating internationally, comprising the League of the Sacred Heart, 6,000,000 within the United States - larger than the total armed strength of the U.S.

1,000,000 members of a "Woman's Auxiliary Corps" (Soldierettes of our Lady), operating within the United States alone.

Thousands of priests, nuns, lay priests, and laymen permeating our society to promote philosophies hostile to our state.

120,000 citizens, students in Roman Catholic colleges under the influence of the Jesuits, with other thousands not directly under the Jesuits, being impregnated with such hostile philosophies.

Unnumbered millions of Roman Catholic children of Roman Catholic citizens subjected to the same hostile philosophies in Roman Catholic parochial schools to subvert our institutions.

In summation, a vast, hostile, cohesive body of individuals, trained in the use of arms and with access to arms, operating nationally and internationally, to impress upon the government and the rest of the people of the United States, programs of action representing dire peril to our government and our entire society.

IV. OPERATIONS: Subversion of our free institutions through schools, press, radio, TV; infiltration into public office and particularly into the armed forces where they constitute an armed, tightly organized "task force" for violence against our people and our government, and where they have organized a "spy ring" to betray top secret documents to the Pope and the Commanding General of the Jesuits.

Potential: Armed violence against our citizens such as occurred in Argentina when the people were bombed by planes from the Argentinian Navy, and like action by such "commandos" trained under the Vatican, the Jesuits, Cardinal Mindszenty, Allen Dulles, General Gruenther, who launched a wave of violences and counter-violences in Hungary. These "commandos", hastened into the U.S. in violation of immigration quotas and without screening, are now underground on our soil, their "shock troops" - assassins - presumably under the command of General Russell as part of a foreign legion of NATO now undergoing training at Fort Bliss, Texas.

Mr. President, in this hour of dire peril to our country my authority and responsibility to defend the Constitution of the United States is equal to yours and to that of any other public servant at highest levels. Since you, - since they all - have abdicated their authority and responsibility, I have no choice but to assume it. In the name of the Constitution which we are both sworn to defend, I direct you to take immediate steps:

- (1) To arrest, place in confinement, and bring to immediate trial, every Jesuit in the U.S. pretending to citizenship in the United States; and every public official who has collaborated with this public enemy on the charge of High Treason.
- (2) To dissolve, forthwith, all Roman Catholic secular or semi-religious orders as the Jesuits, Knights of Columbus, Paulist Fathers, etc., and return their properties to the Public Domain.
- (3) To break all diplomatic or semi-diplomatic relations with the Vatican and the Jesuits.
- (4) To prevent the movement of finances from the United States to the Vatican and Jesuits.
- (5) To deport all Roman Catholics not citizens of the United States.
- (6) To close all Roman Catholic colleges and parochial schools until their curriculums can be re-surveyed and brought into line with loyalty to our Constitution.
- (7) To assure religious freedom, but under the McCarren Act, to revoke the citizenship of every Roman Catholic who refuses to recant on loyalties to the Jesuits and the Vatican inimical to loyalty to the Constitution of the United States, and to take into custody for trial and punishment under charge of sedition to the United States all who fail to do so.
